August 2023

Kenyon Wilson Professional Land Surveyors is located in Duncan, BC and provides legal, construction, topographic and First Nation surveying services to southern Vancouver Island. We are currently looking for a motivated and organized person with excellent communication skills to join our team.

Kenyon Wilson has an immediate opening for a **full time BC Land Surveyor or Canada Land Surveyor or Land Surveyor in Training (LST)**.

Requirements:

- Degree or Diploma in survey related field and a minimum 3 years field survey experience.
- Strong understanding of field survey procedures, methodologies and calculations.
- Knowledge of Leica GNSS and Total Stations and Microsurvey FieldGenius data collection software.
- Knowledge of Microsurvey CAD drafting software.
- Ability to learn new software quickly.
- Experience preparing legal and topographic plans.
- Motivated and detail oriented for completing project assignments.
- Strong communication and leadership skills.
- Ability to work outdoors in varying weather conditions.
- Valid BC drivers license.

Responsibilities:

- Communicate with BCLS/CLS and clients.
- This position has both indoor and outdoor capabilities.
- Fieldwork to conduct legal, topographic and construction type projects.
- Prepare legal and topographic plans.
- Process field data (GNSS and Total Station) and communicate with field staff.
- Ensure project deliverables are checked and completed.

For the right candidate, this position can lead to an equity position within the company through share offerings.

Kenyon Wilson offers a competitive salary commensurate on experience and opportunities for training and advancement. Please forward your resume and cover letter in confidence to dsymonds@kenyonwilson.ca. Only selected candidates will be contacted.
