Experienced Field Survey Technician / Crew Chief

About us:

Cameron Land Surveying (2014) Ltd. has operated as a land surveying company in British Columbia dating back to 1974, eventually becoming the name and company many trust today. We are looking for an Experiences Instrument Technician who wishes to pursue a career in Land Surveying. Cameron Land Surveying's work involves a mix of legal, topographic and construction related survey projects, all located within the British Columbia.

Your Role:

The **Experienced Field Survey Technician/Crew Chief** role is a full-time, permanent position and has you working alone or in a crew of 2 people (when required) completing a wide variety of surveys. The ideal candidate enjoys working outdoors, possesses strong communication skills and is motivated to learn various surveying techniques. As an Experienced Field Survey Technician/Crew Chief you will be a valuable part of an exceptional team and company. The pay range is \$30 to \$38 per hour, depending on experience. This range may also vary based on other factors.

Your Duties:

- Assisting commissioned surveyors with various field survey tasks.
- Maintaining survey instruments and other equipment.
- Organizing and stocking field supplies.
- Assisting office staff as needed.
- Other duties as assigned.

MUST HAVE:

- Minimum 2 years experience with legal and or related surveys.
- Experience in operating total station, digital level, data collector and GPS equipment.
- Experience leading a survey crew would be an asset.
- Attention to detail and accuracy in data collection, calculations and note keeping.
- Familiarity with extracting information from various types of plans.
- Field experience with 3D laser scanning instruments would be considered valuable.
- Experience working outdoors under varied weather conditions.
- Self-motivated with the ability to work in a team setting.
- Able to attend interview in person on short notice
- Ability to communicate and desire to learn.
- Valid Class 5 BC Driver's License.
